# ASPIRE TO THE BEST

---

The **MOUNTAIN MODERN** style brings together a complement of rustic and clean elements that evoke a modern and natural home. Elements like solid wood, leather and metal accents provide a space a certain panache. Tell your story and enjoy life, in an atmosphere just the way you like it

# STRONG, RAW AND 100% NATURAL

The laid-back cachet that reminds cabin life is evoked by neutral colors with rich browns, taupes and creams that beautifully conveys a reminder for relaxation.

MOUNTAIN MODERN is defined by its attention to detail with the addition of nails on the stools and chairs and bolts on the table legs.

## Welcome Home

An open concept living space is perfect for a family that cooks and enjoy their time together.

In the morning you can sip your coffee while watching the sunrise through the large windows while sitting comfortably in your upholstered armchairs.

We favor a refined arrangement of furnishings to complement that magnificent panoramic view.
